Presentation and Risk Grade

Category	4	3	2	1
Evidence of improved Risk-taking	Openly shares the experience and how it will shape them and their future risk-taking Confidently illustrates mastery of chosen risk	Shares risk project with some trepidation Nervousness or non-mastery of chosen risk	Risk was not complete. Modified risk in order to still have a presentation.	No evidence of risk taking or mastery of any type of risk.
Evidence of improved Grit	Illustrates what kept him/her motivated Found ways to keep going and re-energize Motivated others as well	Shares Process Met most goals with only some set backs	Shares little about the process Didn't meet goals	Event instead of process OR no evidence
Evidence of Perseverance	Evidence of continued work on risk Evidence of mastery Best Effort and NO excuses	Evidence of consistent work on risk Good Effort and Few excuses	Inconsistent work on risk Obstacles not always overcome	Little or no evidence that the risk was a process instead of an event Obstacles not overcome
Quality of Presentation	Presentation has visuals, addresses RGP, is engaging and includes props	Includes 3 out of the 4.	Includes 2 of the 4.	Includes 1 of 4
